

MORGAN COUNTY

GREAT APPLE CRUNCH

Wednesday,
October 1st

The MSD of Martinsville, Mooresville Consolidated School Corporation, Eminence Community Schools, and Monroe-Gregg Schools are joining together to celebrate local farmers and fresh, locally grown foods with the annual Great Apple Crunch.

At the same time, students across our county will take a big, loud bite into a crisp apple, showing their support for farm-to-school programs, nutrition education, and building healthy habits that last a lifetime.

Did you know? Kids who are introduced to local fruits and vegetables at school are more likely to choose them at home, too. Together, we're crunching for healthier students, stronger communities, and a brighter future.

Let's crunch together for a healthier tomorrow!
