Focus of Our Work

Since Kean was founded in 1855, our mission has been to prepare informed, dynamic professionals with the knowledge and skills to teach in diverse settings.

Kean's Ed.D. in Educational Leadership is the doctoral degree sought by the next generation of K-12 educational leaders.

Kean University's Entrepreneurial Education Initiatives (EEI) division is dedicated to forging viable pathways to a college degree for all PK-12 students across New Jersey and beyond.

Our work is based on a shared vision of equity and open access to higher education — one where every student can climb higher and reach their full potential in life.
Growing and Retaining Teachers

Expanding Educational Opportunities for ALL

Through the Kean-Montclair PARTNERSHIP
Addressing Teacher Shortages

National Issue:

Where are we in the process?

• Kean University is being registered as a Program Sponsor for the Teacher Apprenticeship... which will be industry-vetted and approved and validated by the U.S. Department of Labor.
• This provides a critical pathway for Kean University to support our Montclair Public School partner and several other public school partners on their path of expanding their teacher talent pool.

What are the key benefits of an Apprenticeship Program?

• Structured On-the-Job Learning/Mentorship – Programs provide structured on-the-job training to prepare for a successful career, which includes instruction from an experienced mentor.
• Registered Apprenticeship is an industry-driven, high-quality career pathway where states and school districts can develop and prepare their future workforce, and individuals can obtain paid work experience and receive progressive wage increases, rigorous and relevant classroom instruction, and a portable, nationally-recognized credential.
• Recruit and develop a diverse and highly skilled workforce that helps you grow your teacher pool.
• Create flexible training options that ensure workers develop the right skills
• Vet workers and instill your school district culture
• Demonstrate investment in your community
What career opportunities does this OPEN?

What is the Cost factor to the District?

- There are multiple grants for apprenticeship through the state as well as federal funds which can cover the on the job wages as well as tuition.
- The “county” workforce boards have funding to support on the job training.
- Tuition reimbursement can come through the NJDOL.
- Return and Earn takes advantage of New Jersey’s existing On-the-Job Training infrastructure to provide wage reimbursement support to New Jersey employers that hire eligible applicants with identifiable skills gaps. School Districts will then be reimbursed for 50% of the wages paid for regular hours worked during the contracted employer-provided training period.
- School Districts are reimbursed for 50 percent of the wages paid for regular hours worked during the contracted employer-provided training period up to six months, up to the cap of $20,000 per Return and Earn employee and limited to a total Return and Earn subsidy across all employees of $200,000 – an increase from $10,000 and $40,000, respectively, from the previous iteration of the program.
- This $500 Return and Earn incentive and On-the-Job Training subsidy will be funded by $10 million in American Rescue Plan Act (ARPA) funds. Additional related supportive services will be funded by Workforce Innovation and Opportunity Act (WIOA) funds.
