Double Rotating Drop Schedule

Staff Feedback

*Just wanted to provide some positive feedback. I teach the self-contained class and I have to say, this new drop schedule works extremely well for my students!*

*For the past many years we have used the block scheduling and I’ve always found that to be such a challenge for a plethora of reasons.*

*So far we are off to a great start!*
Added Benefit to Drop Schedule The new schedule has made homework MUCH more manageable. By not having every subject every day, the kids are able to plan ahead and prepare without cramming in 8 subjects per night. To my knowledge, this was not mentioned as an advantage to the new system, but it should be! I believe it will have the effect of reducing stress, increasing the quality of kids’ work and maybe even increasing hours of sleep! 😊
