Introduction

The Montclair Public Schools believes in celebrating the rich history of our magnet school system while ensuring consistent, high quality instruction for all learners. The Montclair Public Schools offer English as a Second Language (ESL) to students K through 12 who are developing their proficiency in the English language. Student eligibility is determined through the administration of a New Jersey state approved English proficiency assessment. The individual progress of English Language Learners (ELLs) is carefully monitored through the administration of the annual ACCESS for ELLs 2.0 standardized test.

English as a Second Language K-5

At the elementary level (grades K-5) English as a Second Language is offered to students whose primary language is not English, as well as to learners who are still developing proficiency in English as a second language. Eligible students are enrolled in the mainstream classroom, however receive supplemental instruction in an intensive small group setting. ESL instruction is delivered exclusively in English through a proficiency-based approach and develops linguistic concepts, as well as academic language that may be transferred across content areas.

English as a Second Language 6-12

English as a Second Language is offered in grades 6-12. Students enrolled in the program receive supplemental instruction exclusively in English through a High-Intensity English as a Second Language program. This instruction provides students with imperative linguistic concepts, as well as the academic language necessary across content areas. In grades 6-8 students are scheduled for a daily block of ESL. Students in grades 9-12 are scheduled for both an ESL and ESL Support class.

Sheltered English Instruction K-12

Professional development in the area of Sheltered English Instruction is offered to mainstream classroom teachers. Sheltered English Instruction provides educators with effective strategies for differentiating and engaging students with diverse linguistic backgrounds across content areas.

English Language Learner Entry and Exit Guidance Summary

Beginning in July 2019, all local education agencies (i.e., local school districts, charter and renaissance schools) in New Jersey must follow common, statewide evaluation and standardization procedures for ESSA Entry and Exit of English language learner (ELL) status (Section 3113 of the Every Student Succeeds Act of 2015 (ESSA)).

Identification of ELLs (Entry)
The home-language survey must be administered for all students upon enrollment. It can be administered through writing or an oral interview. The following three steps are required:

<tr>
<td><strong>Step 1</strong> Home Language Survey</td>

</tr>
<tr>
<td><strong>Step 3</strong> Multiple Indicators</td>
<td>NJ Certified Staff, preferred ESL/Bilingual e.g. Bilingual/ESL supervisor, lead, teacher</td>
</tr>
</tbody>
</table>

Exit from ELL Status
Students must demonstrate readiness to exit based on a department-established standard on the English language proficiency assessment and criteria included in the English Language Observation Form.

This process is mandatory. This means all ELLs in New Jersey will be exited using the same standard; a 4.5 cut score on ACCESS 2.0 (or MODEL for mid-year exit) and multiple indicators is necessary for an ELL to exit status.

Parental Notification
For ELL identification, parents/guardians must be notified in writing in English and in the language in which they possess a primary speaking ability, within 30 days of the beginning of the school year or 14 days from the time of identification for mid-year enrollees.
New Jersey Department of Education

English Language Learner Entry and Exit Guidance Summary

For exit, parents/guardians must be notified in writing in English and in the language in which they possess a primary speaking ability and a score report from the ELP test used for exit must be included in the parent/guardian notification for exit.

Considerations for Students with Disabilities

Students identified as ELLs with a disability must receive language services and appropriate accommodations, as indicated by the student’s 504 or IEP. There is no delay in receipt of either service; services must be received simultaneously.

In accordance with 34 C.F.R. § 200.16(c), when no appropriate accommodations are available for one or more of the language domain(s), ELLs with a disability that precludes assessment of a domain can be exited using a composite of the remaining domains that are able to be assessed. The composite cut score is 4.5. [Reference: WIDA Less Than Four Domains].

For identification and exit of ELL status, districts must convene a team of educators, including the certified ELL professional(s) and members of the child study team appropriate to the grade level of the student, to determine the appropriate ELL classification status for a student. (Parental Rights in Special Education).

Additional Considerations for entry and exit of ELLs

- Provide training to office staff, intake personnel, parents/guardians, etc.
- There is no time limit. An ELL must receive language services until the student achieves the standard cut score and multiple indicators.
- Utilize data in NJSMART during Records Review Process (e.g. assessment scores)

Parent/Guardian Guide to the Individual Student Report, Grades Kindergarten-12

What is the Individual Student Report?
The Individual Student Report shows your child’s scores on the ACCESS for ELLs 2.0 assessment. This report is for families and educators.

The top of the report includes your child’s name, date of birth, grade level, test tier, school and district name, state, and the district and state identification numbers.

What does the Individual Student Report tell me?
The report shows the eight scores your child could receive on the test. If your child took all four sections of the test, he/she will receive all eight scores. NA, or not available, indicates no score was reported. There are four Language Domain scores and four Composite Scores.

| Language Domain scores are reported for Listening, Speaking, Reading, and Writing. These scores reflect the four sections of the test. |
| Composite Scores are combinations of your child’s Language Domain scores. The four Composite Scores are Oral Language, Literacy, Comprehension, and the Overall score. |

How are the scores reported?
Proficiency Level scores are reported as numbers that range from 1.0 – 6.0, for example 4.0 or 2.2. These scores correspond to the six WIDA English Language Proficiency Levels. A score of 1.0 can be thought of as a “beginner” score, while a 6.0 can be thought of as an “advanced” score in regards to English proficiency. The graph on the report is shaded to represent your child’s Proficiency Level score. The table at the bottom of the report provides examples of what students at your child’s proficiency level can do with English.

Scale Scores are reported as numbers that range from 100 – 600, for example 356 or 220. These scores reflect your child’s grade level and difficulty level of the test items that he/she successfully completed. Scale scores are helpful to see the progress your child makes in English language development from year to year. The graph on the report shows your child’s Scale Score for each of the eight scores, and it also shows the Confidence Band for each of his/her Scale Scores.

Confidence Bands are the shaded area around each of your child’s Scale Scores. This shows the possible range for your child’s score with a 95% probability of accuracy. In other words, if your child took the same test repeatedly, there is a 95% chance that his/her scores would be within the shaded range.

www.wida.us
What should I look for in my child’s report?

We encourage families to look at all of the scores reported for their child. Here are some suggestions for how to interpret, or make sense of, your child’s scores:

- **Look at the Language Domain scores.** Look at his/her Proficiency Level scores for Listening, Speaking, Reading and Writing. Which scores are closer to 6.0? Which scores are closer to 1.0?
- **Look at the Composite Scores.** Look at his/her Proficiency Level scores for Oral Language, Literacy, Comprehension, and the Overall Score. Which scores are closer to 6.0? Which scores are closer to 1.0?
- **Compare this year’s scores with last year’s scores, if available.** If your child took ACCESS for ELLs 2.0 last year, compare his/her scores from one year to the next. Is there a difference in his/her Proficiency Level scores? Is there a difference in his/her Scale Scores?

How are the test scores used?

Scores from ACCESS for ELLs 2.0 can be used in many ways. Parents can use the scores to advocate for their child. Teachers use the scores to plan instruction and assessments. Districts use the scores to evaluate their language support programs, to monitor student progress in acquiring English, and to determine if a student is eligible to exit an English language support program. Scores are also used to meet federal and state accountability requirements.

Questions to ask

We encourage families to discuss the scores with their child’s teacher(s). Here are some questions to ask:

- What scores does he/she need to exit the English language support program?
- Will my child take this test every year?
- How are the scores shared with his/her teachers?
- What type of English language support do you provide my child?

**ACCESS for ELLs 2.0 reports the following eight scores:**

- Listening
- Speaking
- Reading
- Writing
- Oral Language
- Literacy
- Comprehension
- Overall

Scores are reported as **Proficiency Level scores** and **Scale Scores**.

**Key Terms to Know**

**English language learners** are students who are eligible to receive support at school with the English language.

**Language development** is a process that takes time. Students move along this process at different rates.

**Language proficiency** is a measurement of where students are in the process of language development.

**Tier** refers to the difficulty level of the test assigned to a student. Tiers are designed for specific levels of language proficiency. Students are assigned to a tier that is appropriate for his/her current level of English language proficiency.
• What would you like to know about how my child uses language at home?
• Why did my child receive a score of NA?
• What does a score of NA mean?

WiDA®
ACCESS for ELLs 2.0®
English Language Proficiency Test
Guía para padres/tutores legales sobre el informe individual del estudiante, grados K–12

¿Qué es el informe individual del estudiante?
El informe individual del estudiante muestra las puntuaciones de su hijo/a en la prueba ACCESS for ELLs 2.0. Este informe está dirigido a los padres de familia y a los educadores.

La parte superior del informe incluye el nombre de su hijo/a, su fecha de nacimiento, su grado, el nivel de la prueba, la escuela y el nombre del distrito, el estado, y los números de identificación del distrito y del estado.

¿Qué me dice el informe individual del estudiante?
El informe muestra las ocho puntuaciones que su hijo/a podría recibir en la prueba. Si su hijo/a completó las cuatro secciones de la prueba, recibirá las ocho puntuaciones. NA (por sus siglas en inglés) indica que no se dio ningún puntaje. Hay cuatro puntuaciones para las formas de lenguaje y cuatro puntuaciones compuestas.

Las puntuaciones de formas de lenguaje evalúan la capacidad de escuchar, hablar, leer y escribir. Estas puntuaciones reflejan las cuatro secciones de la prueba.

Las puntuaciones compuestas son combinaciones de las puntuaciones de formas de lenguaje de su hijo/a. Las cuatro puntuaciones compuestas son: lenguaje oral, capacidad de leer y escribir, comprender y puntaje global.

¿Cómo se informan las puntuaciones?
Las puntuaciones del desempeño lingüístico se informan como cifras que van del 1.0 al 6.0, por ejemplo 4.0 o 2.2. Estas puntuaciones corresponden a los seis niveles de desempeño lingüístico del idioma inglés de WIDA. Un puntaje de 1.0 se puede concebir como la puntuación de un “principiante”, mientras que un puntaje de 6.0 se puede concebir como un puntaje “avanzado” en lo que se refiere al desempeño lingüístico en el idioma inglés. La gráfica en el informe se sombrearía para representar la puntuación del desempeño lingüístico de su hijo/a. La tabla en la parte inferior del informe proporciona ejemplos de lo que los estudiantes en el nivel de desempeño lingüístico de su hijo/a pueden lograr con su nivel de inglés.

Las puntuaciones de escala se informan como cifras que van de 100 a 600, por ejemplo 356 o 220. Estas puntuaciones reflejan el grado escolar de su hijo/o y el nivel de dificultad de los ítems de la prueba que él o ella ha completado exitosamente. Las puntuaciones de escala son útiles para observar el progreso de su hijo/a en el desarrollo del idioma inglés año tras año. La gráfica en el informe muestra la puntuación de escala de su hijo/a para cada uno de las ocho puntuaciones y también muestra el intervalo de confianza de cada uno de sus puntuaciones de escala.

Los intervalos de confianza son las áreas sombreadas alrededor de cada una de las puntuaciones de escala de su hijo/a. Esto muestra el posible rango de la puntuación de su hijo/a con una probabilidad de exactitud del 95%. En otras palabras, si su hijo/a realiza la misma prueba repetidamente, hay un 95% de probabilidad de que sus puntuaciones estarán dentro del rango sombreado.

ACCESS for ELLs 2.0 es una prueba de desempeño lingüístico en inglés para alumnos en los grados K–12. La prueba mide el desarrollo del lenguaje de los estudiantes identificados como aprendices del inglés.
¿En qué debería fijarme en el informe de mi hijo?
Alentamos a las familias a revisar todas las puntuaciones de su hijo/a contenidas en el informe. A continuación, se presentan algunas sugerencias acerca de cómo interpretar o entender las puntuaciones de su hijo/a:

- **Mire las puntuaciones de formas de lenguaje.** Mire los niveles de desempeño lingüístico para escuchar, hablar, leer y escribir. ¿Cuáles puntuaciones están más próximas a 6.0? ¿Cuáles puntuaciones están más próximas a 1.0?
- **Mire las puntuaciones compuestas.** Mire los niveles de desempeño lingüístico para lenguaje oral, capacidad de leer y escribir, comprender y su puntaje global. ¿Cuáles puntuaciones están más próximas a 6.0? ¿Cuáles puntuaciones están más próximas a 1.0?
- **Compare las puntuaciones de este año con las puntuaciones del año pasado, si están disponibles.** Si su hijo/a tomó ACCESS for ELLs 2.0 el año pasado, compare sus puntuaciones de un año a otro. ¿Observa diferencias en sus niveles de desempeño lingüístico? ¿Observa diferencias en sus puntuaciones de escala?

¿Cómo se utilizan los puntajes de la prueba?
Las puntuaciones de la prueba ACCESS for ELLs 2.0 pueden usarse de varias maneras. Los padres de familia pueden usar las puntuaciones para apoyar a sus hijos/as. Los maestros usan las puntuaciones para planificar la enseñanza y las pruebas. Los distritos usan las puntuaciones para evaluar sus programas de apoyo lingüístico, monitorear el progreso de los aprendices del inglés y determinar si un alumno/a reúne los requisitos necesarios para salir del programa de apoyo lingüístico. Las puntuaciones también se utilizan para cumplir con los requisitos federales y estatales de rendición de cuentas.

Preguntas que hacer

Alentamos a las familias a conversar acerca de las puntuaciones con el(los) maestro(s) de su hijo/a. Estas son algunas de las preguntas que se pueden hacer:

- ¿Cuáles puntuaciones necesita mi hijo/a para salir del programa de apoyo de idioma inglés?
- ¿Tendrá mi hijo que tomar esta prueba todos los años?
- ¿Cómo se com parten las puntuaciones con los maestros?
- ¿Qué tipo de apoyo en el idioma inglés le ofrece a mi hijo/a?
- ¿Qué le gustaría saber acerca de cómo usa mi hijo/a el lenguaje en casa?
- ¿Por qué recibió mi hijo un puntaje de NA?
- ¿Qué significa un puntaje de NA?

Refusal of Services

I understand that my child is/I am eligible for ESL services, however, I would like to refuse these services at this time. I also understand that in the future if my child/I is/am still eligible, I can request that my child/I be placed back into the ESL Program. Refusing service does not negate the district’s responsibility to ensure that your child/my English language development and academic needs are met. In addition, I recognize that the state of New Jersey requires that Montclair Public Schools annually assess my child’s/my English language proficiency annually until my child/I have demonstrated proficiency in English.

Sheltered English Instruction Overview

Additional Information: Any inquiries pertaining to Sheltered Instruction may be directed to Frank Sedita, Supervisor of World Languages & ESL K-12.

*An overview of Sheltered Instruction may be found on the Bilingual/ESL subpage of the New Jersey Department of Education webpage at the following link: [http://www.state.nj.us/education/bilingual/ell_mainstream/part_three/siop.html](http://www.state.nj.us/education/bilingual/ell_mainstream/part_three/siop.html)

**Part Three: Sample Teaching Models and Strategies**

Sheltered Instruction is the generic name for an instructional research-based model known as the Sheltered Instruction Observational Protocol or SIOP. The instructional model presents an eight-component lesson plan to facilitate learning in the content areas for English Language Learners. Fifty New Jersey ESL and bilingual educators have been trained in this model. A brief synopsis of this model is presented below. For a sample lesson plan demonstrating the use of the SIOP model, visit the SIOP Institute web site at: [http://www.siopinstitute.net/lessonplans.shtml](http://www.siopinstitute.net/lessonplans.shtml).

**Preparation** - Teachers prepare lessons with:

- Clearly defined content objectives.
- Language objectives which address the language of content [e.g., language functions, language skills, syntax, and vocabulary].
- Supplementary materials.
- Adaptation of content so that students are learning through meaningful activities.
- Age, grade, language level appropriate topics.

**Building Background** - Teachers build background knowledge of content topics by:

- Linking concepts to student background and between past and new learning. [See a discussion of concept-linking in *Mosaic of Thought*.]
- Choose and emphasize key vocabulary.

**Comprehensible Input** - Teachers provide and use techniques to facilitate understanding of new content:

- Speech appropriate to student proficiency level. [Refer to descriptions and suggestions in "Use a variety of Instructional Strategies."]
- Clear explanation of tasks to be accomplished.
- Variety of techniques are used to make content clear [e.g., visuals, hands-on demonstrations, use of body language, etc.].

**Strategies** - Teachers use and teach strategies to students. See CALLA.

**Summary**: The first section discusses culture shock; a “filter” related to anxiety; and differing goals of education between cultures. [2.18 minutes.] Several strategies are then discussed. [5.29 minutes in total.] Listen to audio

**Interaction** - Teachers provide opportunities for frequent interactions—teacher/student and student/student by:

- Using different grouping configurations.
- Providing wait time for responses.
- Providing opportunities for students to clarify concepts in first language with an aide, peer, or first language resource.

**Practice/Application** - Teachers develop lessons which include numerous opportunities to practice new content concepts:

- With hands-on and/or manipulatives.
- By developing activities which allow students to apply content and language knowledge using all four language skills [e.g., speaking, listening, reading, and writing].

**Lesson Delivery** - Teachers insure that their lesson will “work” by:

- Clearly defined and supported content and language objects.
- Making sure students are aware of both content and language objectives for each lesson.
- Making sure students are engaged in the lesson 90-100% of the lesson [meaning lessons are interactive and not lecture].
- Setting the pace according to students' current ability level.

**Lesson Review/Assessment** - Teachers review concepts and conduct assessments appropriate for students' current ability level through:

- A comprehensive review of key concepts and vocabulary throughout the lesson and unit of instruction.
- Providing students with continuous feedback.
- Ongoing assessment of student comprehension of concepts and learning.
Bilingual Code
The New Jersey bilingual education administration code (NJAC 6A:15) protects the rights of English learners, defines program types, establishes parent notification requirements, etc.

Seal of Biliteracy

Three-Year Plan
Submitted every 3 years to the NJDOE with info on the identification of students, program description, the number of certified staff hired for the program, bilingual and ESL curriculum development, evaluation design, and the review process for exit.

Title III
Part of the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the Every Student Succeeds Act of 2015 (ESSA). The purpose of Title III is to help ensure that English learners (ELs) attain English language proficiency and meet state academic standards.

ACCESS
Aligned with the WIDA English Language Development Standards, ACCESS for ELLs 2.0 is a secure large-scale K-12 English language proficiency assessment administered annually to measure English language learners’ progress in acquiring academic English.

Can Do Descriptors
The Can Do Descriptors highlight what language learners can do at various stages of language development as they engage in teaching and learning in academic contexts.
