**All attendees, please sign in on the attendance sheet.**

| I. Environmental Magnet Theme | • B Coe emailed list of last meetings attendees with the information from notes.  

• Roots and Shoots was launched in Grades 4 and 5. Program begun by Jane Goodall, Caroline S presented to 4th & 5th graders. Other parent volunteers will present in the future as well. It is important to understand that this program will be led by students, promoted by students, guided by student interest because “children will make the difference”. Fifth Grade will develop 4 leadership groups with specific goals. Fourth Grade will discover how pollution affects animals and air quality. R&S has partnered with Bike/Walk/Montclair with possibly more community partnerships to follow.  

• Climate Science launched in Grade 3. Grade 2 will begin in January. Students will do an experiment and create a book to demonstrate what they are learning.  

• In November garden parents cleaned out back gardens and added mulch for winter. Thanks Beth, |
**II. Charles H. Bullock 10 Year Commemorative Events**

- Date changed from February 29 (his birthday) to align with the Eco-Fair (May 4-9)

•Please come with ideas, suggestions, and updates on CHB related topics.

Purpose of School Action Team

The district has adopted the School Action Teams for Partnership model to replace School Review. The model was developed by Johns Hopkins' researcher, Dr. Joyce Epstein, who has identified six types of involvement that make school-family-community partnerships successful:

1. Supporting the whole child through academic achievement and social emotional learning;
2. Effective family advocacy, communication, and engagement;
3. Ensuring a welcoming school environment;
4. Offering volunteer opportunities for family and community engagement;
5. Educating families to support learning at home; and
6. Collaborating with Montclair Community Partners.
