THE WEEK OF RESPECT

From October 3-7th, Edgemont celebrated the Week of Respect. The themes were to "Stomp Out Bullying" by wearing blue. We encouraged to team up against bullying by wearing athletic wear or our favorite sports team jerseys. Next, we wore our favorite outfit because respect is classy! Lastly, to respect each other’s differences students and staff were encouraged to wear mismatched clothing. To celebrate this week, we created the Week of Respect Photo Booth. Our students were super excited for this week and it was a great success! Thank you so much for helping the students participate.

SELF-AWARENESS

The SEL curriculum will begin this month. The students will be learning about the first SEL competency of self-awareness. This is the ability to understand one’s own emotions, thoughts, and values and how they influence behavior across contexts.
