This Week at South Douglas:

GMAS Testing for 3-5 grade starts this week. We know our students are going to work hard and do their best each day of testing.

- **Keep it Calm**: At times, even the best of us have our patience tested in the morning while trying to get ready for school. Keep it calm so your child can be happy and ready to do their best. Get plenty of sleep the night before, arrive to school on time and make sure to eat a good breakfast
- **Pump up the Jams**: Play their favorite music on the way to school and give your child the inspiration they need to do their best
- **Do their Best**: All you can ask is that your child do their best. They got this!!!

Please see the attached parent letter for more information about the week. [GMAS Parent Letter](#)

Interested in becoming a PTO Board Member? See the attachment for more details about PTO Board positions for the 2023-2024 school year. [PTO Interest Letter](#)
